## SPIRALITE 6200 Clear Suction/Delivery Hose

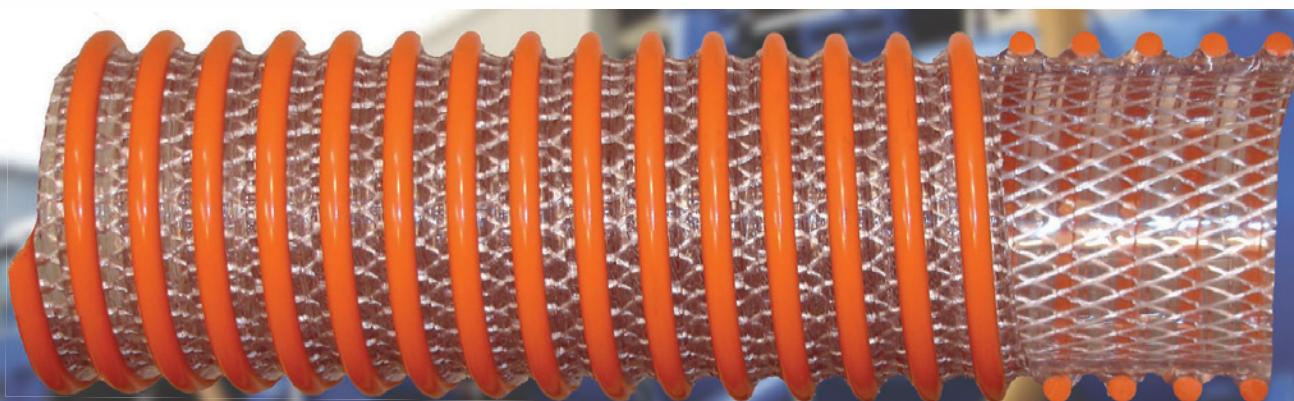

A braided suction hose that performs equally well in suction or discharge applications. Relatively light & flexible, this hose is ideally suited for the waste water transport industry. Clear PVC tube allows easy inspection of material flow. Nylon braid reinforcement minimises hose elongation when under pressure. External orange PVC helix reduces friction when dragging the hose.

- Light material handling
- Multipurpose purpose suction & delivery
- Contractor series

Temperature range -23°C to +55°C
